Let us help you to have a healthy baby...

Prenatal Care Guidance Program

What can Prenatal Care Guidance (PCG) do for me?

A nurse from the PCG program can help you to:

- Get Medi-Cal or other low-cost insurance
- Get prenatal care even if:
 - you have no Medi-Cal or insurance
 - you are undocumented
 - your Medi-Cal is pending
- Find a doctor to care for you and your baby & make an appointment
- Get additional help, such as food, transportation, and housing
- Find other social support and health and family planning services
- Get help from programs for pregnant teens
